945° QUESITO CON LA SUSI

2017 calendar grid with monthly views from January to December and a full-year overview on the right.

Foundation team opinions of users trivia a wonderful example of a film of guilty pleasure I saw this in a Unlimited Cineworld program. Before playing, there was a small introduction of Ben Wheatley the director. He described the movie as a funny action movie, with a lot of violence and a lot of swears, and that was mercifully short. I am not sure to be able to characterize it much better than that. So I'm not going to try. When I saw the trailers for this movie, I would return to my wife and said "I really hope that all this movie is contained in the room, if they do, then they will have to stand up and fall into the sea, the characters and the Action, instead of trusting some special effects and action."
